

Join us for this year's Annual Fraser Valley Chapter Continuing Education Event at the UBC Lecture Theatre in Surrey Memorial Hospital - Critical Care Tower.

Program

5:00-6:05pm: Registration / Dinner

6:05-6:10pm: Welcome

6:10-7:00pm: TAVI Time (Transcatheter Aortic Valve Implantation)

Ms. Ann-Marie Liberman BScPharm, ACPR - Supervisor, Clinical Pharmacy Services, Royal Columbian Hospital

This presentation will follow a transcatheter aortic valve replacement patient through the perioperative period. Anticoagulation and antiplatelet treatment and long-term monitoring will be discussed.

7:00-7:40pm: CDI Update: Should we implement or poopoo the new IDSA guidelines?

Dr. Denise Werry BScPharm, PharmD, ACPR - Pharmacist, Surrey Memorial Hospital

This presentation will review the 2017 update of the IDSA *C. difficile* infection guidelines. Updated recommendations, supporting evidence and applicability to our local setting will be discussed.

7:40-8:05pm: Dessert / Coffee and Tea Break

8:05-8:55pm: HIV Basics and Case Report

Mr. Robert Gair BScPharm - Pharmacist, Positive Health Services, Jim Pattison Outpatient Care Surgery Centre

This presentation will outline the basics of HIV care, including epidemiology, testing, pharmacology, adverse drug reactions, and drug interactions. A case report will illustrate the decision-making process for choosing antiretrovirals.

Learning Objectives for 2018 Annual Fraser Valley Chapter Continuing Education Event

1. To expose attendees to clinical topics/controversies in pharmacy practice
2. To improve knowledge of various areas of pharmacy practice
3. To keep up-to-date in the areas of cardiology, *C. difficile* infections and HIV.

This event will be reviewed for accreditation by the CSHP-BC Branch, a CCCEP-approved accredited provider, for **2 CEUs**.
