

- **Name:** Vicky Mai
- **Current Position on Council:** Junior Student Membership Coordinator
- **Reason(s) for becoming involved with CSHP:**

To be able to provide students with the exposure and support to become invested and passionate clinical pharmacists. Many students entering their studies do not have a clear picture of the role of hospital pharmacists, and there are so many opportunities to explore the profession in CSHP!

- **Current employment position(s) & place of employment:**

2nd Year E2P PharmD Student, Costco Wholesale Student Pharmacist

- **Most memorable time in pharmacy:**

Partaking in our 1st year skits night music video was hilarious and seeing it on the big screen with all the other competing skits really felt like a moment when our year came together. I look back on our music video with a lot of nostalgia!

- **Alternative profession, if hadn't chosen pharmacy & if money wasn't an issue:**

I would have liked to open my own restaurant and café!

- **Any other information, you wish to share:**

I love reading during my free time, so please pass me your book recommendations! 😊
